

Armcor Bursary Scholarships for 2018

Armcor, the Armaments Corporation of South Africa, is offering bursaries for studies to suitably qualified South African learners to register at a South African university or university of technology. The aim of the scheme is to address the critical science and engineering skills of the defence industry, by focusing on promoting and improving results in Maths, Science and technical subjects at schools. The bursaries will be awarded to learners from previously disadvantaged backgrounds who intend to study full time in the engineering and science fields of study.
